

Have you had a wood fired pizza? New oven a great addition.

It has taken a huge effort but our new pizza oven is wonderful. Pizzas will be on the menu regularly. The oven was built by Trystan James, Warren & Mark McDonald, Steve Woodford and Norm Teare with expert advice from Anthony Fallasina. Anthony travelled for 16 hours over many weekends to get the complex brickwork just right. For an investment of \$1500 and a huge volunteer effort the club has a great long term asset.

New Committee Looks to the Future

The AGM had to be postponed for 24 hours due to a death in the James family. Trystan James was the only nomination for President and his parents had been engaged to cater for the evening. Saturday night had strong support in the community. The AGM proceeded smoothly. Dennis McCloskey was thanked for the work he has put in as President for 3 years. The club is in a strong position financially and with excellent member support. Your new committee will have a mixture of fresh ideas and long experience to ensure the club moves forward to an even better future.

WONDERFUL SUPPORT FOR KID'S FUN DAY

The Fun Day on June 26 was supported by the greatest number of families ever. Over 70 children enjoyed old fashioned games and a sand castle competition. The Townsville City Council gave a grant of \$800, covering the cost of the jumping castle, face painting and fairy floss. Scott Harrison owner of the Alligator Creek Roadhouse provided lots of free drinks, lolly bags and chocolates. Precinct Meats provided sausages at half price. It was wonderful to have the support of the Cungulla Fire Brigade and Blazer Bear is always a great hit. The Cungulla First Responders were on hand, supported by the Giru Ambulance. There was great excitement when the Townsville Fire Brigade arrived with their massive fire truck with 40m snorkel. Some lucky emergency services volunteers had an aerial view of Cungulla from 20m up! The club is proud to be able to give back to our community in this way.
